Since 1986, the **“I HAVE A DREAM” FOUNDATION** has been working to ensure that all children have the opportunity to pursue higher education. We sponsor entire grade levels of students in low-income communities and work with them from elementary school all the way to college. Upon high school graduation, each “Dreamer” receives guaranteed tuition assistance for higher education. Currently, more than 4,000 Dreamers are working their way to college, following the 11,000 Dreamers who came before them. At many of our sites, Dreamers are graduating from high school and entering college at double the rate of their peers.

In 2009, we are making a commitment to expand our support to more children across the country. The need and opportunity for impact have never been greater, and we are ready to lead the charge towards a better education system and higher standards of excellence for all.
