Since 1986, the "I HAVE A DREAM" FOUNDATION has been working to ensure that all children have the opportunity to pursue higher education. We sponsor entire cohorts of students in low-income communities and work with them from an early age all the way to college. Upon high school graduation, each "Dreamer" receives tuition assistance for higher education.

Currently, more than 3,500 Dreamers are on the pathway to college in 17 states, Washington, D.C., and New Zealand, following the 11,000 Dreamers who came before them. Many of our Dreamers will be the first in their family to attend college, and they are working hard every day to overcome the 1-in-10 odds that they will earn their college degree.

We are now building on our past successes to reach even more students and communities across the country. The need and opportunity for impact have never been greater, and we are ready to do more to contribute to the charge towards a better education system for all children.
